CONTINENTAL EMPLOYEES WALK WITH THE ANIMALS AND RAISE MORE THAN \$12,000 FOR HUMANE SOCIETY

HOLLYWOOD, Fla. – (March 12, 2008) – Approximately 50 employees of The Continental Group, a locally based property management company, joined their four-legged friends across the finish line at the recent Broward County Humane Society Walk for the Animals at Esplanade Park in Fort Lauderdale.

Led by team captain Jennifer Kennedy, the Continental “pack” fetched more than \$12,000 to help fund animal rescue programs in Broward County as part of the company’s Continental Cares initiative.

“Through its services the Humane Society of Broward County provides aid and shelter to the area’s pet population,” said Andrew Lester, Broward Regional President for Continental’s Property Management Division. “One of their many goals is to educate the community about respect and kindness to all animals. The Continental Group is pleased to partner in this effort by supporting this fun event.”

Participants were able to bring their pooches to join them in the 1.25 mile walk, and several Continental employees did just that.

The Humane Society of Broward County is a private, non-profit organization that relies completely on donations from people and companies who want to make a difference for homeless animals. The organization provides food, shelter, vaccinations and love to animals in need and is independent of other animal shelters.

Founded in 1990, The Continental Group’s corporate headquarters is located in Hollywood, Fla. It also has regional offices in Kendall, West Palm Beach and Orlando. The company is the largest manager of multifamily rental communities and condominium and homeowner associations in the state, and one of South Florida’s leading private sector

employers. Guided by its Florida focus, the company has grown to exceed \$270 million in annual business with 6,000 full-time employees. Today, The Continental Group manages and maintains more than 1,200 condominium and homeowner associations in Florida, representing over 250,000 residential units.
